7. Business

- a) **Receive and Review Financing Proposals as Submitted in Response to the RFP Issued for Capital Improvement Financing and Direct Staff to Take Appropriate Action**

Recommendation: Staff recommends the Board: Receive and review the submitted proposals and direct staff to accept the proposal which will meet the intended goals and the borrowing capacity of the District.

Summary: On November 10, 2022, staff shared a borrowing plan to potentially secure funding for dredging Woodley Island Marina, and other capital improvements projects which are necessary due to aging assets and infrastructure. With the assistance of Bond Counsel and Municipal Advisory Services, the District issued an RFP in the amount of \$5,500,000 (approx.) for series 2023 enterprise revenue obligations for the intended improvement projects.

- b) **Consider Authorizing Staff to Release a Request for Proposals for 2023 Woodley Island Marina Dredging**

Recommendation: Staff recommends the Board authorize staff to release a request for proposals for 2023 Woodley Island Marina dredging.

Agenda for April 27, 2023 Special Board Meeting

Summary: Dredging is needed at Woodley Island Marina to allow for uninterrupted vessel movement during low tides. A hydrographic survey performed in July 2022 estimated that 78,000 cubic yards would need to be removed from the marina in order to establish the design depths. The marina environment is highly dynamic, and it is very likely that additional sediment has accumulated which has increased the total dredge volume which will need to be removed. The District has permits in place to remove up to 100,000 cubic yards of dredged material per year using clamshell dredging methods with disposal at HOODS.
